

Vac Truck Parts

Part description	Part Location	Part Number
J-bolts assembly	Located at manway and primary lids	B-9484
21" Manway Lid (Mild Steel)	Cover for 21" manway at top or rear of debris tank	M-NON21
21" Manway Lid (Stainless Steel)	Cover for 21" manway at top or rear of debris tank	M-NON21S
21" Manway Gasket	Gasket for 21" manway at top or rear of debris tank	B-GKT21 / B-EDPM60
25" Manway Lid (Mild Steel)	Cover for 25" manway at top or rear of debris tank	M-NON25
25" Manway Gasket	Gasket for 25" manway at top or rear of debris tank	B-GKT25 / B-EDPM60
36" Manway Lid (Mild Steel)	Cover for 36" manway at rear of debris tank	M-NON36
36" Manway Gasket	Gasket for 36" manway at rear of debris tank	B-GKT36 / B-EDPM60
15" Primary Lid (Mild Steel)	Cover for primary shutoff at top of debris tank	M-NON15
15" Primary Lid (Stainless Steel)	Cover for primary shutoff at top of debris tank	M-NON15S
4" Primary Insert / Inner Filter	Filter located inside primary at top of debris tank	I-1116
4" Primary Removable Outer Filter	Filter located inside primary at top of debris tank	I-1109
4" Secondary (Mild Steel)	At front head of unit, at driver side	M-2202
4" Secondary (Stainless Steel)	At front head of unit, at driver side	M-2202S
3" Secondary (Mild Steel)	At front head of unit, at driver side	M-2201
4" Muffler (Mild Steel)	At front head of unit, at passenger side	M-5201
4" Muffler (Stainless Steel)	At front head of unit, at passenger side	M-5201S
3" Muffler (Mild Steel)	At front head of unit, at passenger side	M-5200
2" Pressure Relief Valve	At top of debris tank	V-ART87X2
Tank Hoist Safety Prop Tube	At front head of debris tank, next to hoist	F-MF21412 + F-MF21413
Rear Door Safety Prop Tube	At rear head of debris tank, next to rear door	F-MF21400
Hitch Pin @ Safety Props	At tank hoist and door safety props	B-8051252
Return Filter - Hydraulic Tank	In hydraulic tank mounted to frame	B-TSIFILTERA
Air Actuated Cylinder for 6" Brass Valve	At rear head of debris tank	V-ART57X6
Hydraulic Cylinder for 4"-6" Brass Valve	At rear head of debris tank	V-ART55X6
Valve - Brass, lever, 3" (Female x Female)	At rear head of debris tank	V-ART3X3
Valve - Betts, Piston, 6"	At rear head of debris tank	V-SV916MSM
Valve - Brass, Lever, 6"	At rear head of debris tank	V-ART3F6
Valve - Brass, Piston, 6"	At rear head of debris tank	V-ART7F2X6
Piston Handle for 4"-6" Valve	At rear head of debris tank	V-ART116
Valve - Brass, lever, 4"	At rear head of debris tank	V-ART3F4
Valve - Brass, lever, 4" - heated collar	At rear head of debris tank	V-ART33X4
3" Heated Jacket 8bolt to Male Thread	At rear head of debris tank	I-5246
3" Heated Jacket 4bolt to Male Thread	At rear head of debris tank	I-5252
4" Heated Jacket 4bolt to 4bolt	At rear head of debris tank	I-5258
4" Heated Jacket 4bolt to 8bolt (betts)	At rear head of debris tank	I-5247
6" Heated Jacket 4bolt to 4bolt	At rear head of debris tank	I-5255
6" Heated Jacket 4bolt to 12bolt (betts)	At rear head of debris tank	I-5248
1/2" Brass Ball Valve	At water pump drain	V-713X12
1" Brass Ball Valve	At secondary/muffler drains	V-713X1
2" Brass Ball Valve	At backside of hydraulic tank	V-713X2
2 1/2" Brass Valve	At backside of hydraulic tank	V-713X212
2" Brass Check Valve	At backside of hydraulic tank	B-EIPCRLF2
2 1/2" Brass Check Valve	At backside of hydraulic tank	B-EIPCRLF212
6" Camlock Part A (female)	At boom cleanout (above rear end of unit)	C-CAA6
6" Camlock Dust Cap	At boom cleanout (above rear end of unit)	C-CADC6
4" Camlock Part A (female)	At cyclone to final filter pipework	C-CAA4
4" Camlock Part F (male)	At cyclone to final filter pipework	C-CAF4
4" Camlock Dust Cap	At cyclone to final filter pipework	C-CADC4
2" Camlock Part A (female)	Various locations	C-CAA2
2" Camlock Part F (male)	Various locations	C-CAF2
2" Camlock Dust Cap	Various locations	C-CADC2
Electric Vibrator, Large	On belly of debris tank	B-DC4000
Electric Vibrator, Small	On belly of debris tank	B-EQV-202-DC12V
Hydraulic Vibrator	On belly of debris tank	B-HD110
Full Open Door Cylinder (Open/Close)	Top of debris tank, near rear	B-40TL10
Full Open Door Cylinder (Lock/Unlock)	Space around full open door	B-8008844
Hydraulic Door Lock (Single Lock)	At rear full open door	M-5411
Manual Door Lock (Single) with Y handle	At rear full open door	M-DOORARM
Manual Door Lock (Single) with T handle	At rear full open door	M-DOORARM-T
Cooling Fan Temperature Sensor	Plugged into side of cooling fan	B-TSITEMPSENSEA
Mudflaps	Behind or in front of tires	B-243036
Anti Sail Brackets for Mudflaps	Located on (most) mudflaps	B-640CD
Rear Camera	At rear wall of enclosure, and rear tank head	B-CAM313MS
Checkerplate Tank Protection 10ft	At hose trays, covering debris tank	F-MF66003
Checkerplate Tank Protection 8ft	At hose trays, covering debris tank	F-MF66002
Checkerplate Hose Tray Caps	At hose trays, covering top lip	F-MF21028-120
Sight glass bowl	At rear head, front head, or secondary	B-SGB5
Red Oval LED Marker	At side of hose tray	B-211201
Amber Oval LED Marker	At side of hose tray	B-211202
Mild Steel Tail Light Box + Marker (Left)	At rear end of unit, left (driver) side	B-432016
Mild Steel Tail Light Box + Marker (Right)	At rear end of unit, right (passenger) side	B-432018
Stainless Tail Light Box + Marker (Left)	At rear end of unit, left (driver) side	B-SS4LM-02
Stainless Tail Light Box + Marker (Right)	At rear end of unit, right (passenger) side	B-SS4RM-02
Trilight - LED	At top/rear of debris tank	B-200213
License Lamp & Bracket	At rear head of debris tank	B-60321
Back up alarm	At belly of tank near rear	B-73040
Junction box	At belly of tank near rear	B-351044
Spot light	Top of debris tank, in enclosure, on boom	B-63981-5
Amber Beacon	At top/rear of debris tank	B-76253
Hydraulic System Oil	In hydraulic tank / lines	AW32
